A tense moment.

DEBORAH

I like it. See, Megan, Susan, that  
wasn't so hard.

MEGAN

LUCY

You know, when you cable tie your boyfriend's hands behind his back and rip off all his clothes, and dump him in the back of your pick up, and drive him into the woods at night, then he tries to run away while you shoot at him with ketamine darts.

Deborah considers this carefully, then comes to a decision.

DEBORAH

Now that's Cosmopolitan!

Blackout.
